

# PREORDER FAQ'S

## **What does PREORDER mean?**

PREORDER means that the items have not yet been printed, so they are not readily available to ship. We will have orders open from March 6-19, and then we will have the items printed to order.

## **What does a minimum order mean?**

The minimum order listed on each item means that we must collect that number of the item order in order to be able to fill the order's of that item. This does not mean that you individually need to order the minimum.

## **When will I receive my order?**

If you have chosen to have your items shipped, you will tentatively receive your order between April 10-15. If you are picking up we are planning to have pick up available during that time as well.

## **Can I cancel my preorder?**

Preorders can be cancelled until March 19th. At this time we will be printing items to order so cancellations will no longer be possible.

## **What if my order has preorder and in stock items?**

If you have ordered both PREORDER and IN STOCK items and your order is being shipped, you will not receive IN STOCK items until the PREORDERS are also ready to be shipped. This helps us limit shipping expenses for you and Fast and Female. If you are picking up your order and would like to pick up in stock items in advance of preorders, please email [inventory@fastandfemale.com](mailto:inventory@fastandfemale.com), and include your First and Last Name and we can make arrangements for this.

If your question was not answered, contact Inventory Coordinator, Morgyn Engman, [mengman@fastandfemale.com](mailto:mengman@fastandfemale.com).
